

# How **BIG** is Your Inventory Responsibility?

## And How to Ease the Burden of Managing It

Managing your growing inventory can often feel like an overwhelming burden. But as stewards of taxpayer dollars, it's critical to responsibly manage those assets. Their total value often adds up to a significant sum!

Find the total value of your district's inventory below and see how it stacks up to other large expenses.

### **\$1 MILLION**

The average annual cost to educate 80 students in the United States in 2016, **a per pupil cost of \$12,509.**

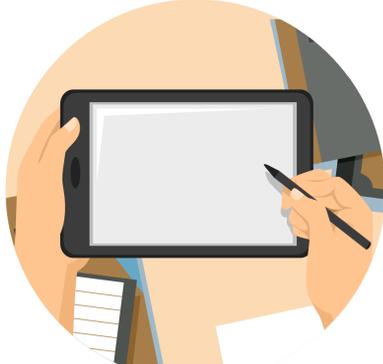

### **\$45 MILLION**

The average cost to build a **175,000 square foot high school** for 1,000 students.

### **\$110 MILLION**

Total 2017 investments in Grammarly, a grammar and spelling assistance software used **by over 1,000 educational institutions.**

### **\$522 MILLION**

The total **spent by educational institutions on tablets and readers in 2015** as schools invest more than ever in EdTech assets.

### **\$2 BILLION**

**Cost to build the Space Shuttle Endeavor**, whose 2007 launch crew included astronaut Barbara Morgan, the first teacher in space.

### **\$10 BILLION**

**The total value of assets tracked by 7,700+ schools** in Hayes's TIPWeb inventory management systems.

No matter how great your inventory responsibility is, managing it doesn't have to be a burden.

Streamline your workflow with TIPWeb inventory management systems and you'll see immediate gains in efficiency, accuracy, and accountability.

Features built for the unique needs of K-12 schools make it easy to automate audits, reduce losses, and confidently report on all facets of your data.

**TALK TO OUR INVENTORY EXPERTS today and learn how Hayes can help ease the burden of managing your district's growing inventory.**
